

## STUDENT OF THE MONTH: VIOLET CHAN

We have some strong girls here at PMA! And we are so proud to be able to help foster this strength and develop adults who are confident and self-assured. Violet Chan is just one student and that's why we are featuring her for student of the month.

Violet's mom found PMA through a friend, Austin Leung. She started taking classes in November of 2022 and began her journey in the Lil Warrior classes. Almost immediately, you could see the determination and strength in her. Her consistency and hard work got her into the Lil Warrior Black Belt Club in September of last year and she's been training hard in those classes ever since. She is on her way to going into the Warrior Phase 2 program soon as well.

She says, *"Martial arts has made me stronger, made me more comfortable and more confident."* Her mother adds, *"Because of martial arts, she has a longer attention span and demonstrates self-discipline for her homework, chores and extracurricular activities."* Violet's favorite part of martial arts is *"spending time with my friends."* Don't be fooled by her stoic demeanor! Violet is a force and very strong willed. She is a great energy to have in class and always brings her 'A' game to her training. She is well on her way to Junior Black Belt!

With tenacity as the word of the month, we felt it was appropriate to have Violet featured as our student of the month because she definitely demonstrates this in class. Even at our events, Violet is always competitive and ready to give her all in the games we play!

Outside of martial arts, Violet attends PS 173 and is in the 4th grade. She also enjoys ice skating. Congratulations, Violet on being recognized as student of the month! We can't wait to see all the wonderful things you accomplish.
