

STUDENT OF THE MONTH: BRIAN YANG

Some kids come in to class with such joy and enthusiasm every time and it really brings up the energy of the whole class. Our student of the month this month, Brian Yang, is one such student. He comes into the school smiling and it doesn't ever leave his face. It's infectious and that is why we have chosen him for student of the month.

Brian is a White/Blue Belt in our Lil Dragon Program and joined us a little over a year ago. His dad says that, *"We found out about PMA from his boss, whose son came here."* Since then, we have watched Brian grow in his martial arts skill and in his confidence. Ms. Kathy says, *"It's such a joy to have Brian in class. He is excited to be there every time and it makes teaching that much more enjoyable. He makes his peers just as enthusiastic and so having him in the class really lifts the entire class up!"* She goes on to say, *"Brian has improved so much over the past year. He is stronger and his martial arts skills have improved greatly."*

Brian's favorite part of class? *"I like the punching!"*, he says. He also has made many friends in class and has some friends in there from school. He is easy to talk to and easy to make friends with and so many kids gravitate towards him.

Outside of PMA, Brian is in the first grade at PS 163. He also enjoys swimming outside of doing martial arts. And as we learned this month as part of our Vision mat chat, Brian hopes one day to become a nurse.

Congratulations, Brian on being student of the month! Continue to bring your positive energy into the school. We love it and we can't wait to continue to watch you on your black belt journey.
